Basic Information

- Place of Origin: America
- Brand Name: Caterpillar
- Model Number: 315D2
- Minimum Order Quantity: 1 set
- Price: 21800 USD -30000 USD
- Packaging Details: Bulk or Container
- Delivery Time: 5-8 work days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 units per year

Product Specification

- Rated Power: 91kw
- Fuel Tank: 235L
- Engine Model: C4.4
- Brand: CAT
- Working Weight: 17280kg
- Walking Speed: 5.6/3.5km/h
- Bucket Capacity: 1.12m³
- Gradeability: 70%
- Highlight: **Construction Industry Used Caterpillar Excavators**
, 91kw Used Caterpillar Excavators,
17280kg Used CAT Excavators

Dependable Caterpillar Excavators with 17280kg Working Weight and 235L Fuel Tank

Product Description:

Used CAT Excavators
Product Overview

If you're in need of a reliable and efficient digging machine, look no further than Used CAT Excavators. These Caterpillar excavators are built to handle tough jobs and provide superior performance. With a fuel tank of 235L, working weight of 17280kg, and walking speed of 5.6/3.5km/h, you can trust that these excavators will get the job done quickly and effectively.

Key Features

- Fuel Tank: 235L
- Working Weight: 17280kg
- Walking Speed: 5.6/3.5km/h
- Engine Model: C4.4
- Max Digging Depth: 5890mm

With a powerful engine model of C4.4, these CAT digging machines can easily handle any digging or excavation task. Their max digging depth of 5890mm allows for efficient and precise digging, making them a valuable addition to any construction site or project. But what sets Used CAT Excavators apart from other digging machines on the market is their reliability and durability. Caterpillar is known for producing top-quality equipment and these excavators are no exception. With proper maintenance, they can last for many years, making them a cost-effective choice for any business or individual.

Don't let the "used" label fool you – these CAT excavators are in excellent condition and have been thoroughly inspected and serviced to ensure they meet the highest standards. So why spend more on a brand new excavator when you can get the same performance and quality from Used CAT Excavators at a fraction of the cost?

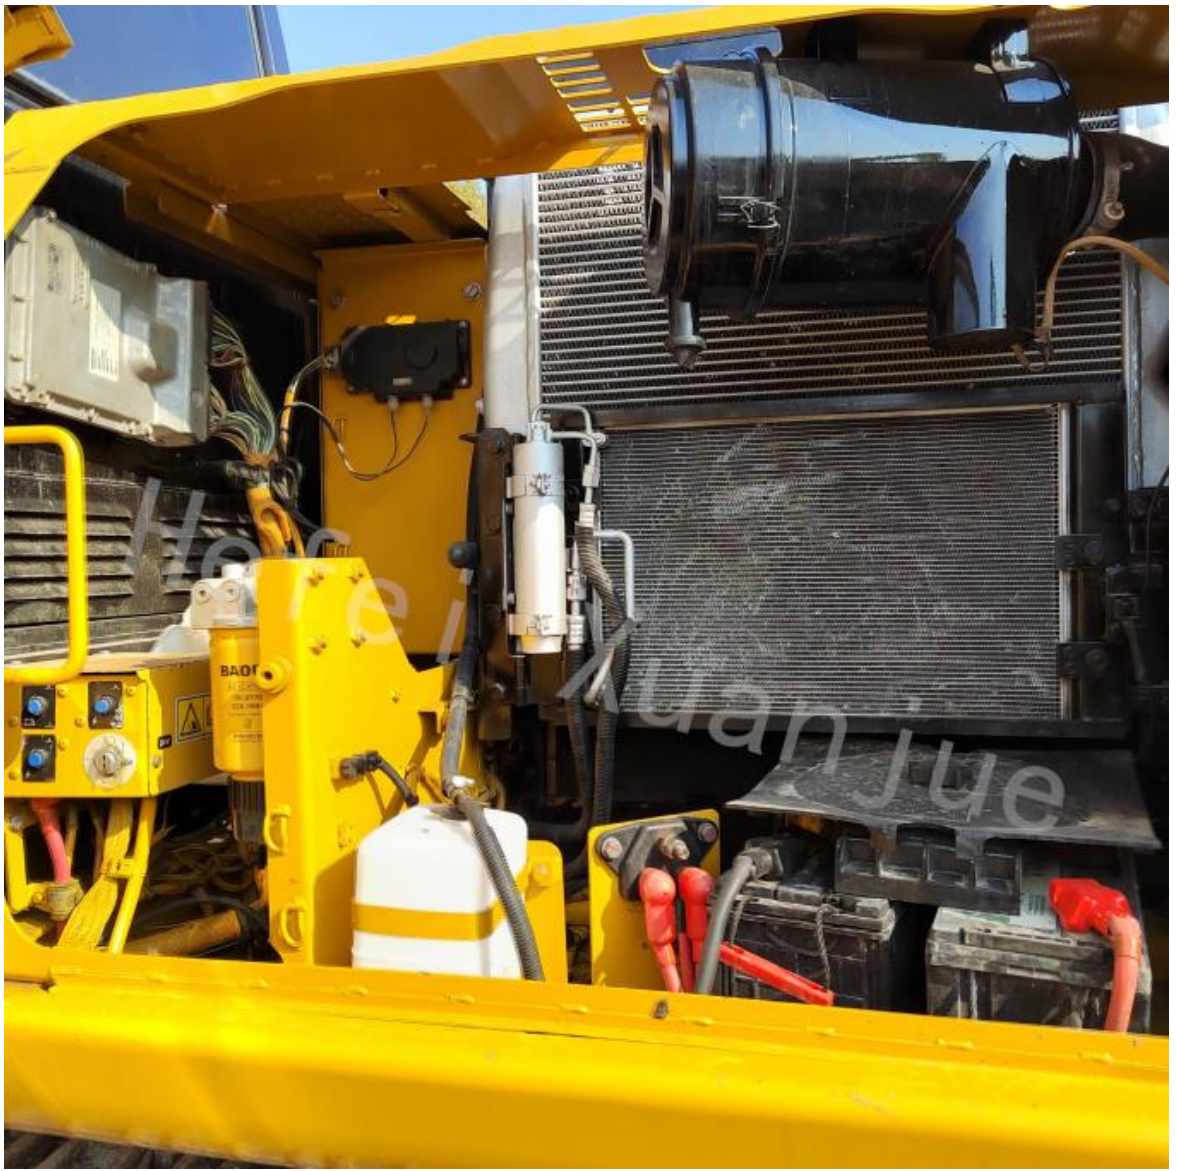

Invest in Used CAT Excavators today and experience the power and efficiency of Caterpillar excavators for yourself.

Technical Parameters:

Product Name	Used CAT Excavators
Bucket Capacity	1.12m³
Max Digging Depth	5890mm
Rated Power	91kw
Brand	CAT
Walking Speed	5.6/3.5km/h
Gradeability	70%
Fuel Tank	235L
Working Weight	17280kg
Engine Model	C4.4

Applications:

Used CAT Excavators

Are you in need of a reliable and heavy duty excavator for your construction projects? Look no further than the Used CAT Excavators. With its top-notch quality and proven performance, this excavator will help you get the job done efficiently and effectively.

Product Overview

The Used CAT Excavators are second hand excavators that have been refurbished to meet the high standards of Caterpillar, one of the leading manufacturers of construction machinery. These excavators are carefully inspected and tested to ensure their quality and performance before being put up for sale.

Brand Name

The Used CAT Excavators are from the reputable brand Caterpillar, known for its durable and high-quality construction machinery. With its decades of experience, Caterpillar has established itself as a trusted and reliable brand in the construction industry.

Model Number

The excavator model is 315D2, which is a heavy duty model suitable for various construction tasks. This model is designed to withstand tough working conditions and deliver exceptional performance.

Place of Origin

The Used CAT Excavators are originally from America, where Caterpillar is based. This guarantees the authenticity and quality of the excavators, as they are made by the manufacturer themselves.

Walking Speed

The excavators have a walking speed of 5.6/3.5km/h, allowing for efficient movement on the construction site. This speed ensures that the excavator can easily navigate around the site and reach different areas without any delay.

Working Weight

Max Digging Depth

The maximum digging depth of the excavator is 5890mm, providing ample reach for digging in deep areas. This depth is suitable for a wide range of construction projects, from building foundations to excavating trenches.

Application Scenarios

The Used CAT Excavators are versatile and can be used in various construction scenarios, including but not limited to:

Building construction

Road construction

Pipeline construction

Landscaping projects

Mining operations

No matter what your construction needs are, the Used CAT Excavators can handle them with ease and efficiency.

Conclusion

In conclusion, the Used CAT Excavators are a reliable and cost-effective solution for your construction needs. With its top-quality and proven performance, this excavator will be your go-to machine for all your future projects. Don't miss out on the opportunity to own a heavy duty excavator from a trusted brand like Caterpillar. Contact us now to learn more and get your hands on one of these excellent machines.

F & Q:

Xuanjue Serve For You, Best Quality And Lowest Price

Q1. What payment method?

Payment is negotiable

Q2. Will our company provide any service to the machine?

Yes! Before we deliver the machine, we will test, check, service, maintenance and clean it the machine.

Q3. What's the MOQ ?

MOQ is 1set. FOB or others can be negotiated.

Q4. What's the payment terms?

FOB or others can be negotiated.

Q5. Who pays the freight?

This is determined based on the payment method. We can either find a freight forwarder or the customer can designate a freight forwarder.

If you have any questions, you can call and send an email at any time and leave a message. We will answer you as soon as possible after seeing it.
